B28

DESCRIBE:

Grossly disorganized behavior:

may range from childlike silliness to unpredictable agitation. The person may appear markedly disheveled, may dress in an unusual manner (e.g., wearing multiple overcoats, scarves, and gloves on a hot day), display clearly inappropriate sexual behavior (e.g., public masturbation) or unpredictable and untriggered agitation (e.g., shouting or swearing).

B29

DESCRIBE:

Grossly inappropriate affect: affect that is clearly discordant with the content of speech or ideation, e.g., smiling while discussing being persecuted.	?	1	2	3	B30

DESCRIBE:

Disorganized speech: frequent derailment (loosening of associations) or incoherence; derailment is a pattern of speech in which the ideas slip off the track onto another that is completely unrelated or only obliquely related. The person may shift the topic idiosyncratically from one frame of reference to another and things may be said in juxtaposition that lack a meaningful relationship. Incoherence is speech that is essentially incomprehensible to others because words or phrases are joined together without a logical or meaningful connection.	?	1	2	3	B31
